

Health & Social Services

How do residents rate Tanners Meadow Surgery?

In the main it appears that the Surgery gets high ratings for a range of service elements. Accessibility of a doctor or nurse seems to be of greatest concern and as good Britons we don't mind waiting!

How do residents rate Health Services?

Full marks to the District Nurse and Home help who get universal praise, while the Chemist gets a mixed response. Clearly the changeover from Alan Eyles to Rowlands Pharmacy has not been particularly smooth.
